Exceeding expectations	0	2 7.4%	0	4 14%	0	7 22%

Comments / analysis of data / target pupils

Update on actions set in July 2017

Actions for the academic year implemented in September and again in February:

- Ensure all “entering” pupils are given priority to the Multi-skills Club on Tuesdays, as this can help to address lack of confidence and enthusiasm when participating
- Giving support staff the focus of gross motor-skills when supporting in lessons; ensure training is given if required
- Introduce a gross motor-skills lunchtime club
- Introduce new lunchtime clubs to provide pupils more opportunities to participate in sports activities during lunchtime
- Place a greater focus on the “entering” pupils within lessons ensuring they fully participate
- Target groups of less active pupils and the barriers to their participation through in and out of school hours sport provision
- Ensure all pupils regularly participate in festivals of sport and multi-skilled activities and compete against each other (Level 1) and other schools (Level 2)
- Ensure exceeding/gifted and talented pupils are challenged and put on a pathway to local clubs
- Continue to implement a new PE action plan to address the needs of the school, pupils and staff
- Re-introduce a second Change 4 Life Club
- At the end of Spring 1 all pupils that were not meeting ARE were interviewed and asked to complete a survey

On average there are four pupils not meeting ARE in each year group. There is a large number of SEN pupils as well as a number of pupils that lack the confidence and enthusiasm when participating in PE. Though all year groups have met the target of 80% of pupils meeting age related expectations in PE.

Actions for 2018 / 2019 (including pupils to target next year)

- Ensure all pupils (Entering) are given priority for the after-school clubs and lunchtime clubs as this should address the lack of confidence and enthusiasm when participating
- Giving support staff the focus of gross motor-skills when supporting in lessons. Ensure training is given if required
- Introduce a gross motor-skills lunchtime club

- The introduction of the new lunchtime clubs run by the pe coordinator and sports crew will give all pupils more opportunity to participate in sport during lunchtime
- A greater focus on the (Entering) pupils within lessons ensuring they are fully participating in all lessons. Staff delivering pe lessons should be fully aware of these pupils also.
- To target groups of less active pupils and the barriers to their participation in and out of school hours sport provision
- To ensure that all pupils regularly participate in festivals of sport and multi-skilled activities and compete against each other (Level 1) and other schools (Level 2)
- Ensure our exceeding/gifted and talented pupils are challenged and put on a pathway to local clubs
- Implement a new PE action plan to address the needs of the school, pupils and staff as part of the School Sports Premium
- Years 1, 2 & 3 will continue to work alongside a coach from MCFC to ensure consistency in their lessons is high quality and therefore continue to increase the confidence, knowledge and skills of staff in delivering high quality pe
- The end of year results for Year 4 last year were below what is expected but this is because that year group have one pe lesson per week as the other is swimming:
 - The pe coordinator will be delivering both lessons this year in Year 5 to ensure accelerated progress is being made
 - A large number of these pupils have been either given the role of sports crew or have already joined one of the after-school clubs
 - Only two pupils out of the cohort did not make the expected progress in swimming with a large majority of them exceeding. The two pupils that did not meet will be given the option of attending next half term.
