Libraries as warm spaces

Do you need somewhere warm? Do you want to save money heating your home this autumn and winter? Pop to your local library. Libraries are warm, welcoming, spaces with comfortable seating where you can stay for as long as you need, for free. You can even pick up some free data for your mobile device, if you're struggling to pay for the Internet.

In addition to our Warm Hub offer of a warm place and warming hot drink, six of our Libraries across the city will offer a selection of play items and games suitable for all ages from 0 - 12+ years for children to play with during their visit - please ask at your local library or check the link for the list of branches and more information.

European Breaking (Breakdancing) Championships

Manchester is hosting the first ever Olympic pathway event for Breaking in the UK!

We would like to showcase this new sport to Young People In Manchester and inspire the next generation to get involved as Breaking is easily accessible and appealing to a youth audience.

Hundreds of B-Girls and B-Boys from across Europe will bring their explosive moves and dynamic skills to battle it out for glory over two thrilling days of competition. Expect mind-blowing moves, fresh beats and an experience you will never forget.

Date: Saturday 5 November 2022

Time: 12:15pm to 8pm

Location: Belle Vue Sports Village, Kirkmanshulme Lane, Longsight, M12 4TF

We have a special offer for Manchester school children and their families of £1.50 per ticket for the event on Saturday.

Tickets are limited so please book asap to avoid disappointment.

To book tickets please use the link below and enter code SPECIAL (Capital letters)

Dear Parents/ Carers,

It has felt very autumnal here at Cheetwood this week with lots of beautiful coloured leaves falling from the trees. Children in the Early Years have been learning all about Autumn: animals hibernating; changes in colours and printing autumn pictures using fruit and vegetables.

Just before half term, we introduced a whole school Reading approach for children in Years 2 – 6, called VIPERS. VIPERS is an acronym to aid the recall of the 6 reading domains as part of the UK's reading curriculum. They are the key areas which we feel children need to know and understand in order to improve their comprehension of texts. When reading with your child at home, please do ask about the VIPERS approach.

Vocabulary - Find and explain meaning of words in context.

Inference - Make and justify inferences using evidence from the text.

Prediction - Predict what might happen from the details given and implied.

Explanation - Explain how content is related, how meaning is enhanced through choice of language, themes and patterns and how information contributes to the overall experience.

Retrieval - Retrieve and record information and identify key details.

Summary - Sequence the key events in the text.

Following feedback from our weekly coffee mornings, Mrs Gregory, Miss Dunn and myself have been busy researching a range of online platforms and apps to support our communication with parents. This would allow the school to send communication electronically, as well as have a secure space where parents can view information. No more hunting in the book bags for a letter or missing out on important communication. We will keep you updated in the coming weeks as to which supplier we have chosen and how we will support parents with the implementation of the process.

I hope you all have a lovely weekend. If you are attending any firework shows, please do keep safe.

I look forward to seeing you all on Monday.

Mrs Ellie Clark

Headteacher
