As we go into winter, common illnesses can keep children away from their classmates and studies. One of the best things we can all do to avoid illness is to practice good hand hygiene. Teach your child to wash hands properly for 20 seconds and stay away from others when sick. To avoid catching bugs or passing it on to others, wash your hands frequently and thoroughly with soap and warm water.

Anyone who has diarrhoea and/or vomiting should stay at home and not return to work or school until 48 hours after the symptoms have stopped and do not visit your GP or hospital while symptomatic. If you are concerned about your symptoms, talk to your GP by phone, contact NHS 111 or visit the [NHS web pages](#). For useful handwashing tips please have a look at the [following NHS video](#)

End of the week information:

* Maths breakfast - thank you to all who attended the maths workshops. We hope you found them useful. Miss Jamil recommended the one minute maths app. This can be downloaded from the App Store and will support your children with quick number recall.
